ALBANY.

ment indications bespeak a thaw by middle of May.

and Mrs. Elijah A. Hovey and Mr. Hovey, who went from this town to Indiana, Iowa, some five years ago, where they now reside, have been visiting the present winter with their family in old Vermont. It was really a treat again to behold the cherry and grasp the hands of our dear friends and neighbors; and better is the fact that they return with a firm full of the grace and love of God.

We feel that they have been a strength in our religious meetings during the winter. While Brother says that his stay with us has been with pleasure, we can say truly the case is equally so with us. Since Mr. Hovey left our circle many changes have taken place. Some have died away and strangers have come in, others have grown to be almost young men and women; time, ever busy, has been decking the venerable heads of the church with beautiful threads of silver, and others have passed over to that shore whence no traveler returns.

Can answer for what or who "is to be" at the end of the next year? At all events let us press on faithfully trusting that at last we will be well with us, and we shall "gather with the saints at the river."

That flows by the Throne of God.

Crows made their first appearance last Wednesday, and Saturday Zane Rowell gave some of them to understand that they had better keep away from his dead calf, by killing him at a single discharge of his old "Queen-Arm."

A new Glass Business Directory placed in the depot Saturday, by L. R. Wood, Jr., will pay our citizens for a walk up there. It will bear the closest inspection, and together with the one in the P. O., are objects for admiration and pride, both on the part of our young sign-writer and the business firms which have patronized this method of advertising.

Mr. Marsh, the missionary of the S. S. Union, as we noticed last week, addressed the people of Barton and Glover yesterday in behalf of the Society he represents. He is a warm-hearted, earnest Christian worker and one's heart could not fail to be warmed into greater love for the "Society which takes care of the children." This address was more particularly about the needy and destitute schools in the West, than any theorizing as to S. S. management. The people responding to the pecuniary call so generally will please accept the gratitude of Mr. Marsh himself and the Society he represents.

FOUR TIMES OFF THE TRACK IN ONE DAY AND NO DAMAGE DONE.—Monday, 17th inst., the cattle train got off the track twice at the Landing. The morning mail train got blocked by the snow at South Barton and was obliged to wait for the noon express to pass. On starting up they had the good luck to "get off the track" and he delayed another hour or so. The way freight south, one pair of trucks off, near Nelson Wright's, between here and the Landing, and ran for a mile and a half, going over two of the highest bridges on the road, before it was discovered. The trucks were thoroughly smashed, otherwise no damage. The mail train North the same night, due here at 5, did not arrive until half-past one. Who would not be a brave "railroad boy" these times? "O, pity their sad doom."

Since the death of Lieut. Wm. J. Sarge, at Santa Fe, New Mexico, formerly of this place, some strange rumors have been in circulation as to its cause. A recent letter from Nettie to a friend, says that Willie went out with some other gentlemen for a horse-back ride, when he was taken very ill with a kidney difficulty, was brought home in an ambulance very much reduced, and his mind being very much deranged was put to bed. The following day he was also deranged; but during the afternoon seemed better and called for reading matter. His sister stepped into another room, and while there, she heard the report of a rifle and upon returning, found he had placed the muzzle of the rifle to his mouth, drawing the trigger with his toes.

There was a very sudden death in this place on the night of the 16th. An English lady who came to this country about three months ago was found dead in her bed. She had been out of health for some time but was not considered immediately dangerous, and her husband having occasion to leave her for a few moments, found her dead on his return. On the occasion of the funeral of Mrs. James Benney last Tuesday it was impossible to procure the services of a clergyman on account of the bad state of the roads, and the minister of this place being absent. Mr. W. W. Frost was called upon to officiate, and done so in a very acceptable manner.

From 11 old cows, 1 three years old heifer, 6 two years old heifers and 1 farrow cow—19 in all—Schuyler County, made, between last spring and fall, 4000 pounds of butter, which he sold for 30 cents per pound—\$1,200. If there is any one that can beat this, we venture to say Mr. Corey will try again.

The friends of the Montpelier, Hardwick and Black River Railroad, met agreeable to the call by the Committee of said Road, at the Town Hall, on the 18th inst. The meeting was called to order by Nelson Rand, and J. W. Hastings was appointed Chairman, and A. J. Smith Secretary. The meeting was addressed by J. S. Dow, D. F. Markes, J. Drennan and others. There was but one feeling, and that was to have a railroad. The following resolutions were presented by J. C. Dow, and unanimously adopted:

Resolved that it is the will of this Convention that we have no other than a standard gauge road, when completed. Resolved, that as members of this Convention, we favor the route chartered at the last session of the Legislature, from Montpelier by Hardwick, through Black River Valley, and by South to Troy.

The Ladies Festival and Levee came off as advertised, on Tuesday evening. After some time spent in listening to music, dialogues &c., the audience were entertained by a fine poem on Humanity, by Chas. Carpenter. Then they adjourned to the chapel below, where an abundance of good things were in waiting, pleasing both the eye and taste. Ice-cream, lemonade &c. were served besides the more substantial, and we think no one failed to enjoy the hour which followed. All pronounced the levee a success, and nearly one hundred dollars were realized.

A few days since, a Mr. Morse from Sudbury, Mass., was in this section in pursuit of the heirs of David Patrick, who died a few weeks since in an insane asylum in Worcester. Some twenty-five or thirty years ago Patrick left his family, a wife and five or six children, and went to California. Not returning, his wife supposed him dead, and in time married again. Some of the children died, one or two were given to parties who moved into the Western States, so that no clew was left of the family save what was obtained from Patrick in his same moments, to the effect that one son, Frank Patrick, was a few years ago living in this section of the country. The old gentleman left some \$5000, and Mr. Morse started in pursuit of Frank. He went to
